I've never been the happiest of kids and have always felt that life was just one struggle after another. Today after hearing Craig speak, I had a total change of heart and mind. He inspired me to take control of my own situations and define my potential as a person. Craig will always be a great inspiration to me, and I will never forget what he has taught me." While a school administrator said this about Craig's presentation to his students: "Craig' message is one of perseverance and persistence, of staying positive and refusing to let what others think dictate what you can and cannot do, and of finding the beauty and humor in each day regardless of one's circumstances. Our students left the presentation inspired and strengthened, and I believe strongly that it was exactly what they needed to hear." - Nate Frank, Ph.D., Principal, Elizabethtown Area Middle School.

"In a very difficult fiscal year for our district and having suffered the tragic loss of five students to car accidents, I was bound and determined to provide a motivational kick-off to the school year. Craig came into the district and within an hour had provided a message to the faculty that had them buzzing with excitement and a can-do attitude." – WILLIAM CLARK, SUPERINTENDENT, WARREN COUNTY SCHOOL DISTRICT
